## **Supply chain sustainability A Clear and Concise Reference**

For many years, space has been part of military-political rivalry Now we must do everything to demilitarize [bold added] space and turn it into the arena of peaceful cooperation We will be striving to prevent space from being an arena of military-political confrontation, but we all understand very well that this situation still exists now and will continue to exist for quite a long time What is most interesting is that Putin, at least in this Associated Press article and allowing for translation error, calls for the complete demilitarization of space, not merely for countries to pledge to not weaponize space. Wonderfully analysed and written.
