One reader wrote to me this week having done just. The volume includes translations, textual notes, a commentary, and detailed indices covering utensils, procedures, ingredients, dishes, and a glossary for each of the three languages. It was very lucky, indeed, that Geisel ran into McClintock that day, because he was the only publisher willing to take a risk on his innovative work - but there's also a reasonable explanation for why McClintock would take such a risk.
